THE GREAT OBJECT GAINED! THE GREAT OBJECT GAINED!

Peters' Medicated Lozenges are the most valuable discovery of the 19th century. They are entirely pleasant to the taste, and more efficient than any other medicine. These Lozenges are the result of long continued and patient investigation and experiment, conducted in concert by some of the most distinguished physicians in the Union, who believing that some of the best known remedies might be prepared in a palatable form, have directed their labors to that end, fill they have produced preparations in the popular form of Lozenges for nearly every disease incident to the human system.

To parents we would say, do not be without these Lozenges at any time—attend to these suggestions as you value the lives of your children.

PETERS' PILLS.

PETERS' PILLS. TO THE WHOLE WORLD.

It is admitted by all who have used them, (and who has not?) that Dr. Peters' Vegetable Pills are the who has not?) that Dr. Peters' Vegetable Pills are the most unrivalled medicine ever discovered by the ingenuity of man. They are a sovereign cure for the following complaints:—Yellow and billious fever and ague, croup, liver complaint, sick headache, jaundice, asthma, dropsy, rheumatism, enlargement of the spleen, piles, colic, female obstructions, heartburn, furtongue, nausea, distension of the stomach and bowels, incipient diarrhes, flatulency, habitual costiveness, loss of appepite, blotched or sallow complexion, and all cases of torpor of the bowels, where a catharic or an aperient is needed.

and an eases of torpol or the lower tharic or an aperient is needed.

They are exceedingly mild in their operation, producing neither nausea, griping, nor debility.

Dr. J. G. Smith, of Woodstock, Va., says—"They are a better Pill than I can make." He recommends

their use.

The agent at Strasburg, Va., says he supplies families for 30 miles around with Peters' Pills, and they perform such remarkable cures that they are preferred to every other medicine.

Mrs. E. Ward, of New York, was troubled with dyspepsia and liver complaint for thirteen years. By using these Pills a short time she was completely

Hon. E. D. Davis was afflicted with rheumatism, so as to be unable to dress himself. Three boxes of Peters' Pills entirely eured him.

But why multiply testimonials? We say to all, try Dr. Peters' Vegetable Pills, and we will guarantee that afterwards you will use them in preference to all others. WORM LOZENGES.

WORM LOZENGES.

Dr. Peters' Worm Lozenges are the surest and safest worm destroyer over discovered.

It is estimated that, in the United States, 100,000 children die yearly from the effect of worms alone. This vast mortality can be almost entirely prevented by the use of Peters' celebrated Lozenges. Thousands and tens of thousands pine away and die without suspecting the real disease. The following are a few of the symptoms: headache, pale lips, flushed cheeks, disturbed dreams, feverishness, thirst, bad taste in the mouth, offensive breath, itching of the nostrils, pain in the stomach, nausea, unnatural appetite, swelled stomach or limbs, sense of some-

postris, pain in the stomach, masses, dimanaria appetite, swelled stomach or limbs, sense of something rising in the chest, &c.

**PMrs. Catharine Ann Briggs, Cherry street,

Philadelphia, has a little daughter who had been in
a decline for several years. At times she would eat a decline for several years. At times she would eat voraciously, and sometimes cat nothing at all; and she was fast wasting away. Her symptoms were so unusual and contradictory that the doctors knew not what to do; but do what they would she continually grew worse, and reluctantly they declared the must die. At the request of a friend, the mother at this stage procured a box of Peters' Worm Lozenges. The first dose satisfied all that worms was the cause of all the child's sufferings, and two boxes effected a perfect core.

perfect cure.

Mr J. W. Carpenter, merchant, Roosevelt street,
New York, says Dr. Peters' worm lozenges possess
more merit than the Doctor claims for them. He
has used them in his family with success when every has used them in his family with success when every other medicine failed.

Wherever they have been used, they are preferred to all other remedies. In fact Dr. Peters and his distinguished associates, possessing many receipts of great value, selected from each the most valuable parts, and they confidently say those lozenges cannot be improved.

CORDIAL LOZENGES.

CORDIAL LOZENGES.

Peters' Cordial Lozenges are a specific for the re-ief of nervous or sick head che, lowness of spirits, r melancholy, languor and debility, either from a rious disease or too free living, fremors, spasm of the stomach, irritability of the nerves, hysterical affec-tion, drowsiness, cholera morbus, sense of fatigue and palpitation of the heart. From their efficacy in the r-lief of headache, they are called by many the Headache Lozenges.

A MERICAN CROWN WINDOW GLASS A manufactured in the village of Redford, county of Clinton, and State of New York.

To the Redford Crown Glass has been awarded the first Premium of the American Institute in the city of New York for five successive years, and hear received a gold medal in commendation of its superiority.

received a gold medal in commendation of its superior merits.

This Glass is made from white flint sand, obtained in the vicinity of the works, and is the only Crown Glass made from that species of sand. It is expable of standing every change of climate, nor will it lose its lustre by age.

The Reuford and Saranac Crown Window Glass are distinguished from ordinary Glass by the uncommon eventness and beauty of surface, the superior transparency and lightness of color, the great thickness, and the general excellence of the materials which compose them. The surface not being polished after being blown, retains the enamel, brilliancy, and hardness, and is not subject to the objection so often applied to Plate Glass, of being casily defaced and permanently bedimmed by dust; being made of extra thickness, will, without injury, withstand violent winds, hail storms, jars of cannon, &c. Its use, in the end, will prove more economical, independent of its adding so much to the beautiful appearance of buildings.

in the end, will prove more economical, independent of its adding so much to the beautiful appearance of buildings.

Specimens of this deservedly popular Glass may be seen in the New York Exchange and Custom House, Howard's Hotel, Bronson's Buildings, Broadway, Centre Market, and a great many private residences and store in various parts of the city; also, in the Exchange and Custom House, Boston; Girard College, Philadelphia; Exchange Hotel, Baltimore; in the public buildings at Washington city; the Capitol at Raleigh, North Carolina, and in many both public and private edifices throughout the United States. It has been used in a great number of steamboats and railroad cars, and given entire satisfaction. It is be ieved that the above will suffice to prove that this Glass stands pre-eminent, and that it deservedly merits the approbation of builders and consumers of Glass.

The Saranac Crown Glass is most used in stores and buildings of the second order, green houses, &c. where strength and clearness are particularly desired, and will range about 33½ per cent. cheaper than Redford. The double thickness is always used for lighthouses, and is taken by the true economist for sky lights, steamboats, ships cabin windows, &c.

Ground Glass for sky lights, churches, and artists' windows, furnished to any pattern or size. The Glass is carefully packed in stout boxes, nailed, and secured so as to be transported with safely to any part of the United States.

Extract from the report of the committee of the American In titute, October, 1837;

"For richness of lustre and brilliancy of surface, as well as thickness and strength, the Record Glass is the most beautiful article of the kind that has ever fallen under our notice, either of domestic or foreign production; and it affords a proud specimen of the skill and caterprise of American manufacture."

The following gentlemen, Architects, have permitted us to use their names in commendation of the above Glass:
